COURSE DATE November 18-19, 2017

This two-day course is designed for the practitioner eager to help an extremely important segment of the OSA populations:

- Oral Appliance failures
- CPAP intolerant patients who MUST have PAP
- Patients not on the most effective form of PAP for their specific issue
- Patients that can only tolerate PAP when in combination with OAT

This course is intended to educate practitioners already treating patients with OAT on the highest possible patient outcomes, and to give hope to complicated patients.

Includes Breakfast and Lunch!
