Testimonials

"Having taken many orthodontic courses and incorporated both TMD treatment and Orthodontics in my practice for many years I was looking for an ortho course that would help me connect the dots. Dr. Lipskis' course has it all. For both the advanced practitioner that wants to step up or the practitioner who is trying to put it all together with or without a TMD practice. The atmosphere, smaller more intimate class size and the hands-on in clinic sessions are simply fabulous. I highly recommend this course!"
