

MOTOR NERVE REFLEX TESTING

A Hands-On Program For Finding Structural Injury

14 Hours of Lecture
& Participation CE

Course Objectives:

- ◆ Learn how to treat cause instead of chasing symptoms
- ◆ Learn a reproducible SYSTEM for screening and triaging of structural injuries
- ◆ Learn how to identify and handle dual primary problems
- ◆ Know when to refer and who to refer to
- ◆ Learn how being the director of patient care gets you results in treatment
- ◆ Learn what to do when the patient is still symptomatic.
- ◆ Understand the difference between Neural Reflex Testing and Kinesiology (Muscle) Testing and when to use one over the other

Directed by International Educator Steven Olmos, D.D.S.

 Diplomate, American Board of Dental Sleep Medicine
 Diplomate, American Board of Craniofacial Pain
 Diplomate, Academy of Integrative Pain Management
 FAAOP, FAACP, FICCMO, FADI, FIAO

Testimonial

“...The whole profession should take this course. It plays such a vital role in helping our patients. I had no idea of the scope of what we can test and then be able to help our patients with targeted success. I felt like now, I really graduated dental school, meaning the dots are all connected! I have been practicing for over 28 years. I did not realize with my past knowledge and now with this new knowledge how much could I help so many patients in my practice. It is truly creating me a different level dentist! It is very exciting! I could not wait to get back to the dental office and apply what I learned...”

Dr. Cynthia K. Brattesani, San Francisco, CA

Course Includes:

- ◆ 2 Full Days of Lecture & Hands-On Instruction.
- ◆ **BRAND NEW** Instructional Videos & Step-by-Step Manual.
- ◆ Protocol Flowcharts
