Testimonial

"... The whole profession should take this course. It plays such a vital role in helping our patients. I had no idea of the scope of what we can test and then be able to help our patients with targeted success. I felt like now, I really graduated dental school, meaning the dots are all connected! I have been practicing for over 28 years. I did not realize with my past knowledge and now with this new knowledge how much could I help so many patients in my practice. It is truly creating me a different level dentist! It is very exciting! I could not wait to get back to the dental office and apply what I learned "

Dr. Cynthia K. Brattesani, San Francisco, CA
