TMJ & Sleep Therapy Centre

A Hands-On Program For Finding Structural Injury

# 16 Hours of Lecture & Participation CE

## **Course Objectives:**

- Learn how to treat cause instead of chasing symptoms
- Learn a reproducible SYSTEM for screening and triaging of structural injuries
- Learn how to identify and handle dual primary problems
- Know when to refer and who to refer to

# Directed by International Educator Steven Olmos, D.D.S.

Founder, TMJ & Sleep Therapy Centres International Diplomate, American Board of Craniofacial Dental Sleep Medicine Diplomate, American Board of Dental Sleep Medicine Diplomate, American Board of Craniofacial Pain Diplomate, Academy of Integrative Pain Management FAAOP, FAACP, FICCMO, FADI, FIAO

### Testimonial

"...The whole profession should take this course. It plays such a vital role in helping our patients. I had no idea of the scope of what we can test and then be able to help our patients with targeted success. I felt like now, I really graduated dental school, meaning the dots are all connected! I have been practicing for over 28 years. I did not realize with my past knowledge and now with this new knowledge how much could I help so many patients in my practice. It is truly creating me a different level dentist! It is very exciting! I could not wait to get back to the dental office and apply what I learned..."
