

MOTOR NERVE REFLEX TESTING

A Hands-On Program For Finding Structural Injury

16 Hours Lecture & Participation CE

"...In my 35 years of treating patients, the most reliable testing I have ever used is without questions, the patient's own neurology! Therefore, Motor Nerve Reflex Testing has been a staple in the diagnosis and treatment of orthopedic problems throughout our medical community...This is the most exciting course I teach! ... I look forward to sharing this diagnostic skill with you."

- Steven Olmos DDS, TMJ & Sleep Therapy Centre International Founder & CEO

Course Objectives:

- ◆ Learn how to treat cause instead of chasing symptoms
- ◆ Learn a reproducible SYSTEM for screening and triaging of structural injuries
- ◆ Learn how to identify and handle dual primary problems
- ◆ Know when to refer and who to refer to
- ◆ Learn how being the director of patient care gets you results in treatment
- ◆ Learn what to do when the patient is still symptomatic.
- ◆ Understand the difference between Neural Reflex Testing and Kinesiology (Muscle) Testing and when to use one over the other

Directed by International Educator
Steven Olmos, D.D.S.

Testimonial

"The TMJ & Sleep Therapy Centre International Motor Nerve Reflex Course is the most important course I have taken in my dental career. There truly isn't another course where you can learn how to identify the root cause of patients' pain concerns. You will feel more confident when treating patients' chief complaints and be able to help considerably more people by eliminating their problem instead of just masking it."
