Testimonials

"The TMJ & Sleep Therapy Centre Mini-Residency was a game changer for me in how I evaluate and treat my entire patient base. I've always known there was a "blind-spot" in my evaluation and management of bruxers and patients with facial pain. Dr. Olmos' course taught me more than I could ever imagine about chronic pain, airway and breathing concerns and bruxism. Most important, the material learned is supported by an unimaginable amount of research literature references."

-Ryan L. Skale, DDS - Chicago, IL

"You will leave this course prepared to treat TMJ and Sleep Disordered Breathing at a level you didn't even know existed. No other CE program has delivered results like this one. Dr. Olmos' researched/evidence based systems added \$1,000,000 of production to our practice within 12 months. This will be the best investment you've ever made in your practice."
